Please summarize contributions various members of the project made. You'll want to mention relevant activities. These might include organizational leadership, data taking, performing calculations and analyses, securing and reading outside references, video taping, digitizing movies, apparatus set up, apparatus drawings, the primary writing of sections in the paper, checking other's work, proof reading the entire paper and so on. (Use an additional sheet of paper if necessary.)

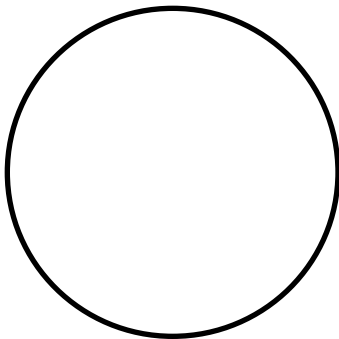

My contributions:

Partner 1 _____:

Partner 2 _____:

Partner 3 _____:

Contribution Summary

Please do your best to quantify the relative contribution of each member of this project group (including yourself) to the *overall quality* of the project. This is not merely a log of the relative number of hours spent. Individual grades on projects may be adjusted based on results of team summaries.
